A Policy for Art & Design

Teaching:

Art is taught as a distinct subject with links being made to other areas of the curriculum when it enriches and extends children's learning. Using the Kapow Primary scheme of work, we teach the following areas in every year group:

- Drawing
- Painting and Mixed Media
- Sculpture
- Craft and Design

Marking and Assessment:

Children's work is assessed at the end of each unit using the school's PiTA system and uploaded onto SIMS. Work is collated to show those working at the expected standard, those working below and those working above.

Learning Walls:

Art work is displayed in classrooms and in central areas throughout school.

Resources:

Art resources are stored in the main stockroom. It is the responsibility of teachers to ensure that the required resources are available (and ordered if necessary).
