

"Teach a child in the way he should go, and when he is old he will not turn from it" Proverbs 22:6

Tuesday 31<sup>st</sup> October 2023

Dear Parents/Carers,

### **Y3 Design and Technology Workshop**

On Monday 13<sup>th</sup> November, Hepp DT will be coming into school to deliver a DT workshop to both Y3 classes.

Hepp DT are specialists in Design and Technology. They provide high quality workshops to primary schools across the country, deliver training to teachers overseas via online platforms and are currently writing content for BBC Bitesize. Their services are incredibly sought after so we have been very fortunate to secure this date.

Using a range of tools, equipment and material, Hepp DT will guide the children through the 'design, make and evaluate' process to create a miniature Anderson Shelter; one of the many forms of protection that people used against air raids during WW2. This links to our current Theme topic about Europe where we will be moving onto WW2 and the Battle of Britain.

School is heavily subsidising the cost of these workshops to make it as low as possible for parents but to help cover the cost of this fun and engaging project, we are asking for a contribution of £10 per child via ParentPay.

Your sincerely,

Mrs Thompson  
Y3 Class Teacher and DT Subject Leader
