

"Teach a child in the way he should go, and when he is old he will not turn from it" Proverbs 22:6

Wednesday, 28th February 2024

Dear Parents,

As I am sure you are aware, we are always looking for ways to extend our pupils' learning and prepare them for a rapidly-changing, global and connected world. After extensive research, we have decided to pilot a platform called CENTURY, in order to explore a more personalised and differentiated approach to learning English, that uses the latest approaches to artificial intelligence. The pilot will run for the next two weeks.

**Your child's login details are as follows:**

**Please follow the link to the website and enter the below log in details: (Please replace the first name and surname with your child's name)**

[https://app.century.tech/login/?](https://app.century.tech/login/)

Username: *firstname.surname@deepcar-st-johns.sheffield.sch.uk* password: *password123*

### **What is CENTURY?**

CENTURY is an online learning platform for pupils. It combines artificial intelligence with the latest research in learning science and neuroscience. The platform identifies every pupil's strengths, gaps in knowledge and misconceptions, alongside the areas in which they can be stretched and challenged. Pupils can log in and complete work that has been suggested for them by the advanced recommendation engine, or on work which has been set by teachers.

### **What does this mean for my child's learning?**

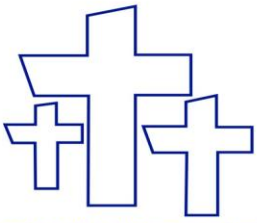

CENTURY will complement existing teaching methods. Teachers have the freedom to decide how they incorporate the platform into home learning. This is only a pilot over the course of (time period) but if successful, it may well mean that we move to utilise the platform with greater consistency over the course of the coming academic year both at this school and across the trust. Your child will be expected to complete some 'nuggets' for home learning. They will be able to access the platform through a computer/tablet/mobile phone.

### **What does this mean for my child's personal data?**

CENTURY is fully compliant with all relevant data protection legislation, including GDPR and has processes in place to ensure data is secure. Personal information, such as names and dates of birth are authorised to be shared by Deepcar St. John's according to the data sharing agreement. All pupils will sign into their individual accounts using their school email and password.

### **How do I find out more?**

If you have any questions about CENTURY, please feel free to get in touch with either your child's teacher, or alternatively you can visit CENTURY's website [www.century.tech](http://www.century.tech). Google Classroom will have any further information that the children may require.

"Teach a child in the way he should go, and when he is old he will not turn from it" *Proverbs 22:6*
