

14th November 2025

Christmas Services 2025

Christmas Concerts/Christmas Services at St John's this year are going to be slightly different. We are adding in an additional service at School.

On Tuesday 16th December 2pm we will be running a Christmas Service in school. This Service will incorporate some element of the nativity story with some narration by children, songs and prayer. It is **not** a full-on nativity production but will obviously be a lovely event for parents to attend. If you have attended a Christmas service at Church before then it will be similar to this.

The service in school is limited due to the hall capacity. There will be 100 places available. No more than 1 per family. There will be no charge but there will be donation buckets for parents/ carers/ family members to make a donation that will go to funding the Lion Cub that will be part of the Lion Cub Trail through the Children's Hospital Charity Trust.

Please fill in the form if you would like to attend the Tuesday service at school.

On Thursday 18th December we will have a more traditional Christingle service in Church being supported by the Reverend Keith Crookes. Here the children will be singing traditional Christmas Carols, other songs, some Bible readings and prayer. The event is always well attended. This is an open event, as in other years, and you just need to turn up prior to 2pm for the event to start.

There is no expectation for parents to attend both or either event.

Yours sincerely,

Louise Jones
Executive Head Teacher
